

East Eyes Leduc With Interest

Bank Director Sees
Great Future Here

Two thousand miles away, Eastern Canadians follow the development of the Leduc oilfield as closely as does the Edmontonian at stone's throw distance from the black liquid treasure.

That is the way I. K. Johnson, general manager of the Imperial Bank of Canada, Toronto, summed up Northern Alberta's position in Canadian economic affairs when he was interviewed by The Bulletin Saturday.

Mr. Johnson, accompanied by H. W. Johnston, manager of the main branch of the Imperial Bank at Winnipeg, is making his first Western visit to bank branches since his appointment as general manager last April.

He is enthusiastic about the West, particularly the North-West, and specifically Edmonton.

The mineral potentials, the air routes and the rapid development of the last frontier beyond Edmonton, interest him.

"They will mean a great future for Northern Alberta, and a great future for Edmonton as a supply centre of the vast territory," he said.

As for the Leduc oil field, "All Canada is taking about Alberta's oil discoveries, its development and its great potential," he said. "Eastern Canadians follow daily reports from the new field with interest equal to that of Edmontonians," Mr. Johnson said.

Generally, Canadians are enjoying a period of prosperity, he said, but he foresees a return to normal, stabilized conditions, with a tendency to lower prices within the next year.

During the Saturday session Angus McChesney, Prairie regional supervisor, Central Mortgage and Housing Corporation, discussed "National Housing Act."

Col. J. Fred Scott, R.C. of Calgary explained the Dover Act and other legislation affecting real estate, and Prof. A. S. Wetzel, University of Alberta Extension department addressed the members on "Adult Education."

That, said the bank general manager, "will be a good thing for every Canadian."

Reports being circulated of the sale of the Lakeside Coal Company mine at Hobb, Alberta, were described as "incorrect" by an official of the company.

A. L. Schaefer, a director of the company, told a group of men at the company which does not entail sale of the mine.

The change, he said, was brought about by the sale of interests of the McLean estates, which involved the resignation of some of the directors of the company and appointment of others.

The mine is sold emphatically, will still be operated by the Lakeside Coal Company and will soon be in process of being reopened. Dan Jones will supervise the reopening and mining operations.

**Sacred Caucus
Slated Nov. 23**

First caucus of the 31 Social Credit M.L.A.s elected or re-elected Aug. 17 will be held at the legislative buildings during the party's convention, Nov. 23, 24, 25, party leaders said today.

The nine new Social Credit members will make their legislative debut at this meeting.

It has been an annual event for Social Credit members of the legislature to convene each fall for reports from cabinet ministers on progress, and to lay plans for new reports of the legislature.

No definite program as yet, Orin A. Kennedy, Social Credit organizer said today.

City Milk Prices To Remain Pegged

No change in Edmonton's 17-cent-per-quart milk price is contemplated, dairy company officials said today.

Their statement followed a three-cent milk price increase at Drumheller during the week-end.

In Drumheller milk jumped from 17 to 20 cents a quart, table cream from 27 to 30 cents a quart, and whipping cream from 25 to 30 cents a pint.

NO REASON HERE
Local dairymen said there is no immediate reason for a price increase here. Distribution costs have risen slightly during the past year, but feed costs are on the down grade and producers are not press-

ing for higher prices for raw milk. "Farmers report a slight increase in milk production but the short supply is seasonal, and is not expected to affect prices."

Milk prices in Edmonton were increased from 14 to 17 cents a quart in January when the withdrawal of coarse grain substitutes brought general price rises.

First grade milk retails now at Edmonton at 17 cents a quart, whipping cream at 29 cents a pint and milk containing 35 per cent butter fat, as table cream, for 32 cents a pint.

NEW!
ACID INDIGESTION
Here is something new and different to help relieve pain and discomfort of acid indigestion.

Digestif Rennies are pleasant-tasting tablets which melt like candy. They soothe and soothe your stomach. They help to neutralize excess acid.

RENNIES
Easy to take - Anytime, Anywhere!

PHONES MAY SHOW INCREASE NEXT YEAR

Approximately 2,500 more telephones will be in operation this year than in 1947.

This is revealed in a report to be filed with city council tonight by Robert Christie, superintendent of the telephone system.

He reports that on January 1, 1948 there will be still approximately 8,000 applications for telephones outstanding.

If equipment now on order is delivered as expected, it is anticipated that 1,500 additional telephones will be installed during 1948, and approximately another 1,000 in 1949.

City Building Continues

Four permits for commercial construction were added to Edmonton's 1948 building total today.

Midland Auto Supply, 10415 Jasper Avenue, was issued a permit for the construction of a \$12,000 warehouse and office at 10668 114 street.

Bellevue Welding Works were issued a permit for a \$2,700 addition to their present premises at 9046 Jasper Avenue.

Two oilfield supply companies are also planning extensions. Eastman Oil Well Service Limited was issued a permit for the construction of a \$6,000 frame and street office and shop at 6432 104 street.

Oil Well Supply Co., 10353 University Avenue, was issued a permit for \$15,000 value of their warehouse.

Value of Edmonton's building permits so far this year is now more than \$21,000,000.

In the 18th and 19th centuries, coffee cost about \$20 a pound.

JOHNSTONE WALKER

ALBERTA SHARES in Canada's increasing bank business, I. K. Johnston, Toronto, general manager of Imperial Bank of Canada, said in Edmonton Saturday.

\$10,000 In Rings Is Thief's Loot
WINNIPEG, Sept. 27.—(CP)—City police are continuing investigation into the theft of about 200 rings valued "at more than \$10,000 from the downtown hotel room of a Toronto jewelry house representative."

Police withheld identification of the thief.

The Gentleman's Magazine, established in 1731, was the first example of the use of the term "magazine."

SUCCESSFUL YEAR for Alberta Real Estate Association under the presidency of Kenneth I. Lyle, Calgary (centre) serves as an example for new president, Sam B. Ferris, Edmonton (left), elected at the association's annual meeting in Edmonton Saturday. AREA activity last year is credited with the enactment of Alberta's Real Estate Act. 125 delegates named Arnold Burn, Calgary (right) first vice-president for the coming year.

Real Estate Association Approves Immigration Plan

Need of extreme care in selecting immigrants to Alberta, was stressed by delegates to the second annual convention of the Alberta Real Estate Association meeting in Edmonton Saturday.

More than 125 real estate men attended the convention, electing Sam B. Ferris of Edmonton president and chairman of the association for the coming year. Mr. Ferris succeeded Kenneth I. Lyle of Calgary.

Arnold Burn, Calgary, and N. C. Lyle of Lethbridge were named vice-presidents.

Frank L. Watt, High River; Marshall Leen, Red Deer; D. W. Pratt, Grande Prairie; Howard Kelly, Calgary; and Norman Winterburn, Edmonton, were elected directors.

TO CONVENTION
Three members of the association, Carl Ortmann, Mark Cummings and Andrew Whyte, all of Edmonton, were elected delegates to the convention of the Canadian Association of Real Estate Boards to be held in Hamilton, Ontario, Oct. 13.

One of nine resolutions approved by the association meeting Saturday urged government officials to give preference to self-supporting persons in selecting immigrants for Alberta.

The resolution stressed Alberta's need for increased population, and approved immigration as a means of achieving the increase.

During the Saturday session, Col. J. Fred Scott, R.C. of Calgary explained the Dover Act and other legislation affecting real estate, and Prof. A. S. Wetzel, University of Alberta Extension department addressed the members on "Adult Education."

School Entered For Three Weeks In Two Weeks
For the third time in the past two weeks H. A. Gray School, 1220 104 street, has been broken into. It is not known whether anything was taken in this third burglary. Previously, pen and pencil sets and a quantity of school supplies were stolen.

Entrance was gained by jimmying the door to the boiler room. The door to the manual training room was also forced and the teachers' lounge entered.

Police believe the culprit is a juvenile familiar with the building.

District Teachers Open Convention in City
Northern Alberta teachers from five locals opened their annual convention in the Masonic Temple today with the election of officers.

This afternoon the 230 teachers heard addresses by W. M. Mauser, dean of education at Montana State University, and K. C. Ansel, general secretary of the Alberta Teachers' Association.

Elected as officers of the various locals were: A. Paschenick, Wetaskiwin; president, Wilbur Stevens, Edmonton; and Mrs. Everett Kitchin, vice-president.

Juvenile Arrested For Church Thefts
The sneak thief who has been pilfering church offering boxes has been caught, city police said today.

Turned over to juvenile authorities Sunday was a 17-year-old boy.

The boy is an American and is staying with a sister in Edmonton. He was due to return to an uncle in the United States soon.

Five church thefts had been reported earlier, and police said the youth admitted responsibility for the last.

They are: St. Joachim, 9020 104 street; Sacred Heart church, 90 street-108 avenue; Immaculate Conception church, 90 street-108 avenue; St. Joseph's church, 90 street-108 avenue; and St. Alphonsus church, 90 street-118 avenue.

Two Killed in Gas Explosion
LETHBRIDGE, Alta., Sept. 27.—(CP)—Two workmen were killed and a third seriously injured Saturday when gas pressure blew out the gate valve of a gas company pig line at Dupuy's Station, three miles north of here.

Killed by the force of the escape of gas.

PHRENS OF THE NORTHLAND left city Sunday morning on week-long tour of Peace River-Dawson Creek area, spreading goodwill from Edmonton, capital of the north. From left, just prior to boarding Chamber of Commerce Friendship train, are T. J. Dinning, H. E. Pearson, G. A. Hart, F. G. Winspear, F. A. Matheson and R. Nickerson.

Transport Board To Meet In City
Sittings of the Board of Transport Commissioners, hearing an application from the British Columbia government for removal of the prohibition against motor vehicles from the Fraser valley, will be held here November 15 and 16.

Announcement of the sittings here received by Edmonton Chamber of Commerce Friday.

Preparation for these sittings tonight centres members from the Edmonton Chamber of Commerce and the Boards of Trade of Calgary, Lethbridge and Medicine Hat met in Edmonton Friday.

Recommendations made by the joint meeting on procedure to be followed in presenting a brief to the Board on the Fraser valley question will be submitted to the provincial government.

Red Deer Seeks Better Lighting

RED DEER, Sept. 27.—Better street lighting in the residential sections of the city was discussed at the Board of Trade meeting this week. President Marshall Leow was chairman, supported by Secretary George A. Nechtin, and it was the first meeting of the board since the usual summer recess.

P. W. McKee, reporting for the civic affairs committee, brought up the street lighting matter. The committee felt that street lighting in Red Deer was inadequate, especially in the residential districts.

He recommended consideration of a scheme used successfully at Medicine Hat and other cities where porch lights were cut into lines ahead of the house meters and householders left the lights on all night.

C. H. Hunter suggested that this scheme might include a special rate for window display lights for stores. After some discussion a motion was passed instructing the civic affairs committee to draft a definite proposal for improving lighting and submit it to the city council.

THRESHING IS ABOUT FINISHED

TROCHU, Sept. 27.—Both wheat and course grains are now about 98 per cent threshed in this district. The remainder will be threshed for a while due to the recent rainfall, which amounted to 28 inches during Wednesday night and Thursday.

Work Is Resumed On Trochu Church

TROCHU, Sept. 27.—Work has been resumed on the new United Church, which was started last year. It is situated opposite the Trochu Valley school, on the corner of Queen street and 4th avenue.

The building is of frame construction, 30 by 48 feet, completely insulated throughout. The basement is full size and will be used for recreation and Sunday school. The tower, 34 feet high, will be topped by a 16-foot spire. It is hoped that volunteer labor will be forthcoming as soon as the harvest is completed, so as to have the church ready for use before the winter.

Heavy Deliveries Made at Olds

OLDS, Sept. 27.—Up to Tuesday last week it was estimated that 480,000 bushels of this year's crop had been delivered to local elevators.

This included: wheat, 30,000; 10,000; barley, 200,000; rye, 50,000. Most of the barley is of matting quality and received the present premium paid for this grade.

Many farmers are holding their grain but the trucks roll in steadily every day from those who are marketing now.

Camrose Highway To Be Gravelled

CAMROSE, Sept. 27.—Provincial government has called for tenders for the grading and graveling Highway 13 from Camrose to Strome, a distance of about 40 miles.

The highway between Camrose and Wainwright is beginning to show improvement. They have completed a major part of the work and the work should continue smoothly from now on.

Oliver Dealers Meet at Hanna

HANNA, Sept. 27.—Harry Glas, manager of the Oliver branch of the Oliver company, was present at a supper meeting of the Oliver Dealers Club held at Hanna, Sept. 26, at the Liberty Cafe here.

Dealers were present from Oyen, Drumheller, Hilda, Sturton, Steller, Gadsby, Itakirk and Castro.

Badminton Club Starts Season

WESTLOCK, Sept. 27.—A turnout that augured well for the future of the club featured the first session of the Westlock Badminton Club in Memorial hall last Tuesday night. While the actual number turning out for that session was not large, it was pointed out that many had indicated their intention of playing during the season.

Players were highly pleased with the new lighting that will be in use this year as against that of last year, and state that the coaching and overhead room available make the courts one of the best in the district.

Basketballers were also active last week, with the courts laid out with painted lines by volunteer workers. It is expected that a busy season, including many varieties of indoor sport, will keep the club engaged for the winter season.

Sylvan Kinsmen Start Activities

SYLVAN LAKE, Sept. 27.—The newly organized Kinsmen Club has held its first social function, a dance at Varsity hall. The club is making arrangements for a Christmas party at an early date.

Sylvan Lake team was runner-up in the final games of the west central Alberta league with Benito, Benito won the deciding game 10-1.

Dawson Creek Veteran Dies

DAWSON CREEK, B.C., Sept. 27.—A resident of the Kilkerran district since 1912, Arthur Edward Menden passed away in Dawson Creek hospital recently.

Born in England, Mr. Menden served in the first war and was a member of the Canadian Legion. Funeral services were held in St. Mark's Anglican Church with Rev. G. Smith officiating. Local businessmen held a large charge of arrangements.

Miss McConville was introduced by Mrs. C. Ossett of Edmonton. Presidential president of WMS.

Driver aims can cross streams by forming their bodies into compact balls.

Viking Council Adds More Fire Protection

VIKING, Sept. 27.—Village council at the last regular meeting accepted tender for the excavation of another fire cistern on Fourth avenue. This will make a total of five cisterns for fire protection, with one at the hospital.

Council also passed a motion approving purchase of 100 cushions which houses the picture show twice a week. These shows were sponsored by the movie division of the Board of Trade. This is good news for the movie patrons who find the present seats uncomfortable for any length of time.

Other business transacted was sending a request to the Beaver mobile asking for 100 cushions of a saw fence on the half mile of road leading to the hospital. This strip is subject to bad drifting during the winter months which impedes traffic to and from the hospital.

The council also provided for the sale of lots owned by the village and several permits for new residential buildings were approved.

Tomahawk Pupils Organize Club

TOMAHAWK, Sept. 27.—The Intermediate order of the Tomahawk school has organized a school club, electing the following officers:

President, Zetta Brown; Vice-president, Philip Paul; treasurer, Harvey Overbo; secretary, Martha Koeko.

Members of the executive are: Wanda Koeko, Paul Mylek, Otto Basked.

At the first meeting it was decided to hold a dance at Tomahawk community hall on Oct. 15. It was also decided to purchase a radio for their room.

Camrose Store Has New Manager

CAMROSE, Sept. 27.—Rube Goldstein recently left the employ of Brody's Limited at Camrose to operate his own store at Lloydminster. The manager appointed to take his place is Leon Warhaft and he will manage the Brody's Limited store at Camrose. Mr. Warhaft comes from Edmonton where for the past 15 years he has been associated with the Service Department Store situated on the South Side.

For the 2 to 10-year-old.
Substandard Price **98c**

ON SALE ON THE FIFTH FLOOR

Record Busters in High Gear at Provincial Track and Field Meet

HUSKY ED STAFFORD, ex Banff speedster, was an easy winner of the 75-yard sprint in his class. While at it he established a new provincial record of 8.2-5 seconds, cutting 1-5 second from the mark.

DIMINUTIVE NANCY ARMSTRONG displays fine form while speeding along to a clear-cut, record smashing triumph in the 60 metres test.

THEY'RE OFF and running in the 60-metre dash for girls 14-15 years of age. Pat Waddington, extreme right, eventually won a narrow victory. Others, from left, Pat Wheatstone, Irene Smith and Paula Olson.

Inter-School Track Records on Tumbling

As a box-office attraction the provincial interschool track and field meet held at Clarke Stadium Saturday afternoon proved a complete flop. By actual count, at one stage of the proceedings there was a grand total of 69 spectators taking it all in.

In other words the competitors came close to outumbering the paying customers.

However, the youthful athletes who represented many Alberta points did not let the meagreness of the turnout interfere with their desire to get up and go. No fewer than four records went by the boards in a vigorous frontal assault on existing marks.

Edmonton Girl Smashes Record
Lane Edmontonian to come up with a record-breaking effort in 15-year-old Nancy Armstrong, an Oliver school speedster. The second miss took dead aim at the old mark of nine seconds for the 60-metre dash, girls 12-15 years, and blew it to pieces by 6/10 of a second. Mary Jane Simpson, also of this city, previously held the record. Otherwise visitors took charge of the races.

Stocky, 15-year-old Ed Stafford of Banff set a new mark of 8.2-5 secs. in the 75 yard sprint in the 14-15 years' class. The 170 lb. runner clipped 1/5 second off Husky's previous low. In the 100-yards, also in the 14-15 division, Doug McKellar of Bruce tied the distance in 1:57 1/5 secs. to write a third new mark into the books.

Vegreville's lanky Bill Pridemore covered better than 20 feet in creating a new mark for the running low step and jump, boys 14-15 years, to complete the attack on the records.

Another Record Equalled

Stafford also equalled the mark for the 220-yard sprint by breasting the wire in a first 25 seconds.

Total of 26 events was run off. Entries were received from eight Edmonton schools, as well as representatives came from out-of-town points as Holling Hills, Macleod, Canmore, Red Deer, Pine Lake, Minburn, Oxy, Kneehill Valley, Galtstad, Lacombe and more.

A cool breeze blew across the stadium but conditions generally were conducive to top drawer effort as indicated by the number of new records.

The meet was sponsored by the Alberta branch of the Amateur Athletic Union of Canada.

Complete results follow:

GIRLS 10-13 YEARS
60 metres sprint: 1. Nancy Armstrong, Oliver school, Edmonton, 9.2-5 seconds. 2. Irene Smith, Banff, 9.5 seconds. 3. Paula Olson, Banff, 9.8 seconds. 4. Mary Jane Simpson, Banff, 10.1 seconds. 5. Patricia Parker, Banff, 10.4 seconds. 6. Patricia Parker, Banff, 10.7 seconds. 7. Patricia Parker, Banff, 11.0 seconds. 8. Patricia Parker, Banff, 11.3 seconds. 9. Patricia Parker, Banff, 11.6 seconds. 10. Patricia Parker, Banff, 11.9 seconds.

EDMONTON BULLETIN, Sat. 27, 1948

FRANCIS OUT-SHINES AL ROLLINS IN CAGE

NORTH BAY, Ont., Sept. 27.—(CP)—Charlie Crossman's Chicago Hawks Saturday won an 8-4 victory over their Kansas City Plainsmen in a training camp exhibition game here.

Emile (The Cat) Francis turned in a sensational performance as Chicago City go. He handled 37 shots to 15 by rookie Al Rollins in the first round of the National Hockey League club.

Francis' performance strongly indicated to observers that he'd be back making the Chicago goal when the NHL schedule starts.

Don Slater, formerly with Edmonton junior Canadians, who looked best for the Kansas City team, was the second center in the second period. Ken Cook, last season with Kelowna juniors, blazed young right wing.

Defenceman Bob Goldham, both goal scorers for the Indians.

Francis' performance strongly indicated to observers that he'd be back making the Chicago goal when the NHL schedule starts.

Don Slater, formerly with Edmonton junior Canadians, who looked best for the Kansas City team, was the second center in the second period. Ken Cook, last season with Kelowna juniors, blazed young right wing.

Improved Band of EAC'S Trounce Maple Leafs 8-

By Jim Algoe

EAC's today are confidently scanning the junior football picture.

On to Calgary was the battle cry Sunday afternoon as the Clubmen stamped triumphantly back to the dressing room after upsetting Bill Mayson's Maple Leafs by an 8-1 count on the Clarke Stadium turf.

However, before EAC's got the green light to tackle the Calgary winner for the provincial division, they first must cop the city title. And this will be a battle in itself.

Sunday's victory, before 2,000 fans, was won No. 1 for the Clubmen, while the hunky Leafs boasted two triumphs and a tie. With but one tussle left in the five-game schedule, EAC's must take next Sunday's game at Calgary as a last, best, and possibly death play fixture.

Looking at the chance as they tore large hunks out of the Leaf armour yesterday afternoon, one had to give them a 50-50 chance of doing it. EAC's had given little chance against Leafs. EAC's drank in coach Jack Butcher's pre-game pep talk ("you can beat 'em") and commenced to take the dope card for a ride.

Big, tough Ray Knight, 19-year-old fullback, diminutive Doug McNabb and John Androschuk topped an improved EAC's army as they applied the brakes to Maple.

Knights, a human bulldozer, bucked his way over for the lone touchdown of the game after spearheading an attack that ate up 10 yards of soil in the third quarter.

A MAGIC TOUCH
Androschuk sprinkled a bit of magic dust on his trusty toe and booted three points, including the one on Knight's major. As for McNabb, he proved a capable halfback replacement for Doug Swail, who departed the EAC's in favor of the high school 12-man league last week.

Always a good ball-toter, McNabb turned in one of his best performances as he bobbed, weaved and bucked his way for several sizable gains. The rest of the Clubmen weren't slouches either. When needed, their wall was solid and their blocking also was good.

Leafs, with burlly Jack O'Neil carrying most of the mail, opened the initial quarter like a ball-roller. They scored on EAC's territory seconds after the opening gun. However after Ross had picked up 24 yards on three plays, EAC's threw up a stone wall to stop development.

A field-goal attempt went wild but a swarm of Leafs led by John Malkewich fattened McNabb in pay-off territory for their first score.

THE BIG BREAK
Play teetered back and forth through to the third quarter. Then, at last, the Leafs broke through. EAC's center Bill Crossen crashed the spotlight for EAC's in the final canto, the former booted two singles and Crossen coming up with some fine blocking.

Crossen came into the picture when Leafs, trailing 7-1 at the time, threatened to tie the count with a potential sweep down the field. EAC's center, Pearce, bled through centre for a nibby yardage gain. Crossen's blocked kick of 10 yards by Crossen, who was injured on the completed pass.

Leafs wasted one down on an incomplete pass and then Ross picked up 10 yards on three plays. Third down, five to go and what do Leafs decide to gamble and throw a pass to Pearce. A tame toss to smother Ross for a seven-yard gain.

130 Bantams Take in EAC Hockey School

Some 130 bantams turned out for the EAC hockey school conducted at the Arena Saturday and when the fun was over 85 of them signed to play in the club's bantam league this winter.

Under the direction of "Conia" LeFevre, the boys worked out for five hours before the selections were made. LeFevre was assisted by three Edmonton players, Elmer Kruller, Bill Maher and Morry Kimstad, who are graduates of the EAC system.

"Very satisfactory," was the word from EAC heads regarding the project.

Bradley Captures Golf Trophy

Art Bradley captured the Andy Lenon trophy for low net honors in the annual civic employer golf tournament at Manistota Saturday when he turned in a card of 66.

Low gross honors and the Lenon trophy for low net honors were won by Terry Stone who travelled the 18 holes in 81 blows.

In the women's section, low net honors went to Norma Schultz who won the Newwood Foundation trophy with a score of 78. Low gross in the female section was Catherine Ross with 102.

Big Game Hunter Describes Wreck

Metal Boxes Contained
Radio Tubes, Not Gold

ITS "HELLO EDMONTON" for the Breden-Savoy Light Opera Co., which arrived in the city Sunday. First time into Alberta, the opera company will present three favorite Gilbert and Sullivan operas in Edmonton, The Mikado, HMS Pinafore, and Pirates of Penzance. Running six nights, performances begin tonight in Westgren high school auditorium with The Mikado. These three members of the troupe are Yvonne Chaveau, of Chicago, Doris Broun, Oakland, and Thelma Dore, of Hollywood.

G & S Troupe Arrives For Week's Stand in Edmonton

3,000 Kiddies Jam Armoury For Display

Close to 3,000 Edmonton youngsters and teenagers and about an other 400 adults, flocked to Prince of Wales Armoury Saturday for the last opportunity to visit the army's big display of weapons and equipment.

Saturday was "kids' day" during Army Week which was celebrated in major army centres throughout Canada all last week. Reserve and active personnel on duty at the armoury, when the kids started flocking in Saturday afternoon, were kept busy answering numerous questions asked. A lot of weapons were demonstrated for the youngsters and many of the visitors even had to try them out, without shells.

Big attraction for the kiddies was the large anti-aircraft gun, displayed by the 20th Anti-Aircraft Regiment (Reserve). They perched on it like flocks of birds, all wanting to operate the "cranks" that elevate the barrel.

The kiddies also got a big kick out of the Royal Edmonton Regiment's display of captured enemy arms and equipment and personnel on duty had a busy time warning youngsters not to touch the items on display.

Many of the youngsters probably didn't need any supper that evening, after gobbling up the hamburgers made in the Royal Canadian Service Corps canteen depot.

Cyclist Injured On Highway

A Calgary youth was slightly injured Sunday when the motorcycle he was riding went out of control on the road near Calgary.

"Taken to the University hospital by Hays ambulance and treated for cuts and bruises was Paul Olejczyk, 19, of Calgary."

By DICK SHERBANIUK

Seven young Edmonton singers may find themselves on the big-time U.S. stage after this week is over.

The thrill of opening nights and theatre footlights, applauding audiences, and fame may be theirs if they have what it takes to become artists in the legitimate theatre. Breden-Savoy Light Opera Co., which will present six nights of Gilbert and Sullivan operas in Westgren high school auditorium Sunday, arrived in Edmonton Saturday.

Edgar Iverson, director of the company, will audition the seven Edmontonians during this week. Because the Breden-Savoy troupe is interested in discovering new talent, an invitation was issued through the press several weeks ago to Northern Alberta singers to apply for auditions.

So far seven vocalists have applied for the auditions, and they will get their big chance from Mr. Iverson later this week.

The Breden-Savoy troupe is looking particularly for a good tenor, since good tenors are hard to find, and one of the seven local artists sang tenor. Perhaps he will have the fortune to make good and someday find his name in lights.

However, it takes a lot of talent to make a successful stage artist, a good voice, acting ability, pleasing appearance.

Performers with the Breden-Savoy troupe have those necessary qualities.

In addition to experience with their present company, the troupe's are all Gilbert and Sullivan experts, have all had experience on the U.S. stage, some of them with top American companies.

Pretty Yvonne Chaveau is a member of the original cast of the stage hit "Song of Norway." Doris Broun has earned a reputation as one of America's finest dramatic actresses.

Charles Goodwin, who plays the part of the Mikado in the Gilbert and Sullivan opera of the same name, is also a member of the original "Song of Norway" cast.

NEW YORK OPERA

Edmonton's Nygards has played with the New York Civic Light Opera

and San Francisco Civic Opera companies, and with Fred Waring's Pennsylvanians.

There are eight women and eight men who sing and act in the three Gilbert and Sullivan operas. The troupe is interested in Edmonton beginning tonight. They are all principals, that is, they all take leading roles in the three Gilbert and Sullivan operas.

In addition, there are half a dozen others with the troupe, to take care of music direction, production, etc.

Breden-Savoy Light Opera Co. began about five years ago in Buell Street Music Hall (capacity 300) in San Francisco.

Started in the war years, some of the singers would come to the theatre at night to perform after working day shifts in west-coast war plants.

ONLY COMPANY

The Gilbert and Sullivan performances were so popular that the group worked up to be the only G & S touring company on the North American continent.

They have plundered all over the U.S., playing in all sorts of concert halls, from schoolhouses to leaky-roofed theatres.

The troupe arrived here from Calgary, which was the first stop on this, their first extensive tour through Canada.

From here, the G & S players go to Saskatoon, Regina, Moose Jaw, Brandon, Winnipeg, Toronto and back to the U.S.

Clothes Stolen From Lines

Clothes-line thieves are operating again in the city.

Two separate instances of clothes-line thefts appeared on city police reports today.

Two shirts missing from the clothes-line at the rear of Mrs. Alex. Nicke's residence at 1110 11th street, and a khaki field jacket missing from a clothes-line at the residence of Sergeant J. C. Ware, USAF, at 11625 93rd.

The Frankfurter Zeitung, called the first daily newspaper in the world, appeared in Frankfurt, Germany in 1613.

By Jack DeLong

Sun rays glinting on shattered wreckage high on a lofty mountain peak led C. L. Falter, Oregon tourist, to the U.S. Dakota aircraft missing near Fort Nelson since Feb. 1943.

The 38-year-old big game hunter and lumberman from Elton, Oregon, described the finding of the USAF C-47, 100 miles southwest of Fort Nelson in an exclusive interview with The Edmonton Bulletin Saturday afternoon.

FIRM DENIAL

He told of finding the scattered wreckage of the aircraft near the top of an 8,500 foot peak, while following the trail of a mountain sheep with his Indian guide, George Hahne of Fort Nelson. He also told of the bodies of 11 persons who died in the crash.

Falter confirmed telephone conversations he had previously with The Bulletin from Fort Nelson, emphatically denying earlier reports published by another Edmonton newspaper that he had found a fabulous treasure in gold and currency at the wreck.

Arriving at Edmonton airport in the morning, Falter remained in the city until 5:40 p.m. when he boarded a T.C.A. plane for Lethbridge on his way home to Elton.

"I found no gold or large sums of currency at the site of the wreck," he declared, adding that "none of the 11 dead were carrying considerable sums of money," in their clothing.

PIECE OF WING

Hahne and I were following the trail of a sheep up the steep mountain side. High up I noticed something shiny in the snow. It was a tail fin. So we climbed up to it and found it was a piece of an airplane wing.

"Searching further we came across other wreckage and then the first of 11 bodies. I had never heard of the disappearance of this plane before. It was a great gold blunder and \$250,000 no currency."

It is possible the Indians living in the area spread the stories after they reported finding the plane in Fort Nelson.

The hunter cleared up an earlier report from the scene of the wreck, telling about several mysterious metal boxes found.

ONLY RADIO TUBE

"They contained radio tubes for the army that were being shipped from one place to another," he said.

Wreckage was scattered far and wide over the lonely mountain peak, Falter said.

"The was a piece of propeller here, a rudder fin there, and bits of the wreckage strewn over a wide area," he said.

As the plane struck the side of a steep precipitous peak the wreckage were far below other parts.

All of the 11 dead on the plane were identified by letters and documents found in the clothing.

"It was certainly a grim job gathering the remains and identifying each," the hunter said.

The hunter also found a wallet bearing the name of U.S.A. R. Menning, pilot of the plane.

Bodies of the crash victims are believed to be on the way as homes of relatives. They were all brought to Fort Nelson by packtrain.

A party of USAF and RCAF officials, who left for the area soon after the crash, was reported found, but have not returned to Edmonton.

It is expected this will be released from USAF headquarters in Washington after they receive and study the report of the investigation.

NOT READY YET

Both USAF and RCAF headquarters in Edmonton today said the report was not yet ready for release.

USAFA headquarters officials in Washington said they were all ready to do the air transport investigation.

The Bulletin the mail sack he found at the wreck site only letters as "far as I know."

It is believed by Falter the plane was flying from Fort Nelson to Seattle, with the intention of going to the city of Prince George and Vancouver at the time of the crash.

PAYS TRIBUTE

Falter was high in praise of the USAF and RCAF officers who flew to the area on the investigation, and also of the Edmonton Bulletin for the "factual reporting" this new discovery.

He ended his interview Saturday by saying "I don't find any gold or big sum of money at the wreck."

Hewetson Inspects Redwater Location

A party of Imperial Oil officials, headed by President Henry Hewetson, visited Redwater oil location on Saturday and inspected the site of the latest and possibly greatest oil discovery on the Canadian prairies.

About 200 local citizens, drill crew men and their families, were guests of the company at a picnic lunch at the Imperial camp site during the trip to the well.

Work at the well is going on a local about six miles north of the discovery well and another rig is to move to a location a mile and a half southeast of Redwater No. 1.

The well is owned by the Imperial oil company, which drilled the discovery hole by a conference to follow the meeting of the General Committee of the World's Student Christian Federation in Canada next summer.

At present he is on an extended field trip in Western Canada lined up by the Student Christian Federation in universities and colleges for the year.

Bishop Stephen Neill of the World Council of Churches will be one of the visiting speakers.

The modern sugar beet was evolved from the wild beet formerly known as forage in Silesia.

Commissioners Seek Change In Land Selling Scheme

90-Year-Old Pioneer Dies At City Home

Edmonton old-timer, Mrs. Hannah Glassman, wife of the late Jacob Glassman, died Friday at the age of 90 years.

Mrs. Glassman came to Edmonton in 1918 with her husband, from Lipton, Saskatchewan, where they had been engaged in farming.

Burial services were held Sunday from the residence of a son, Peter Glassman, 900 112 street, and interment was made in the Jewish cemetery, Rabbi A. Postone officiated.

She is survived by two sons, Peter of Edmonton, and Isaac, of Los Angeles, four daughters, Mrs. G. Frohlich, Heffer, Sack, and two in continental Europe. 34 grandchildren and eight great grandchildren.

Christian Mission To Be Organized

Organization of a University Christian Mission at the Alberta University is being undertaken this week.

Here for that purpose is Rev. Gordon Hutchinson, general secretary of the Student Christian Movement.

The general secretary has recently returned from attending a conference with officers and staff of the United Christian Council at Green River, Wisconsin. There he laid plans for a conference to follow the meeting of the General Committee of the World's Student Christian Federation in Canada next summer.

At present he is on an extended field trip in Western Canada lined up by the Student Christian Federation in universities and colleges for the year.

Bishop Stephen Neill of the World Council of Churches will be one of the visiting speakers.

The modern sugar beet was evolved from the wild beet formerly known as forage in Silesia.

New deal covering sales of city-owned land is being formulated.

City commissioners, at tonight's city council meeting, will recommend that purchase price on future land deals be increased to 100 per cent of present assessment, instead of 80 per cent now in operation.

They will also recommend that they be empowered to effect sales of business lots at market value.

Commissioners also recommend that the five per cent cash discount allowed on sales be eliminated, and that interest on unpaid balance of agreements-of-sale be reduced to four per cent.

As an alternative they propose that commission rates paid to real estate agents be slashed 50 per cent.

These rates now call for payment of five per cent on the first \$10,000, three per cent on \$10,000 to \$20,000, and two per cent over that amount.

Commissioners recommend also that the present policy of accepting reservations of lands awaiting installation of sewer and water facilities be continued.

They suggest that if reserved lands are not taken up immediately on notification of availability, the reservation be immediately cancelled.

They also recommend that the present policy of withholding sale of lands in the outer zones be continued, and that they be rented only.

Engineers' Ball Stated for Oct. 8

Members of the Edmonton branches of The Engineering Institute of Canada, and the Military Engineers' Association of Canada are going "one-on-one."

First annual ball of the allied associations will be held in the Trocadero on Friday, Oct. 8, it is announced by F. W. Dalvin, chairman of the program committee of city branch Engineering Institute of Canada.

All engineers, engineering students and members of allied professions will be invited.

Friends outside the profession will be invited to a limited extent. It is hoped by the program committee to make these functions a regular thing in addition to meetings of a business nature.

Trade Balances Key To Canada's Aid Role

WASHINGTON, Sept. 27.—(CP)—Time and circumstances of trade and balances hold the answer to questions on Canada's future role as a source of aid to the United Kingdom and other needy European countries, Finance Minister Abbott of Canada said in his arrival here yesterday.

"We have always said we would do what was economically possible," he told reporters, "but everybody knows the difficulties we have experienced ourselves from dollar shortage."

He would not comment on persistent reports here that the Canadian government would begin releasing part of the \$200,000,000 unused portion of credits advanced to Britain and frozen when Canada's own dollar shortage became acute.

That, he said, was something that he could not deal with specifically at the moment.

Sir Stafford Cripps, British chancellor of the exchequer, who flew in from Ottawa with Abbott after a week's conversations there with Canadian government officials, was equally noncommittal.

"Highly successful," Sir Stafford said of his talks in Ottawa. On the matter of Britain absorbing the remainder of the Canadian credit, Sir Stafford referred his questioners to Abbott.

The two finance ministers officially are here for their third annual conference of the board of governors of the International Monetary Fund and the World Bank.

HE DRAWS PAY FOR WHOLE UNIT

ABINGDON, Berkshire, Eng. Sept. 27.—(AP)—A court martial heard that Aircraftman Gerald Archer created a mythical squadron of 37 men and drew £1,006 (\$4,341) in RAF funds as pay for them. The 20-year-old RAF pay clerk failed when sentenced to two years at hard labor.

Different aspects of terms grow all over the world but they reach their highest development in the tropics.

SC Meet Still In Plan Stage

Program plans for the Social Credit convention to be held in Edmonton Nov. 23, 24 and 25 have not yet been completed, R. D. Jorgensen, M.L.A., president of the Alberta Social Credit league said today.

He revealed the executive committee has been meeting and have decided the first day of the convention is to be devoted to the work of the Social Credit Women's Auxiliary.

From present membership in the league he said he expected about 100 delegates.

Empire As Neutral Bloc Proposed

STRETFORD, Lancashire, England, Sept. 27.—(CP)—In the event of war the British Commonwealth should form a neutral bloc and leave Russia and the United States to "fight it out between them," R. L. Austin, Labor member of parliament for Streteford, told supporters yesterday.

JOHANNESBURG.—(CP)—It's spring in South Africa. A large department store here has hung up canary cages to introduce the new season's fashions. Shoppers stop to listen and go on their way smiling.

Barbirolli Injured In Auto Accident

MANCHESTER, England, Sept. 26.—(CP)—The condition of John Barbirolli, former conductor of the Vancouver Symphony Orchestra, was injured while returning here from a concert tour of south-west England.

Racing Car Jumps Fence, Kills Seven

FLORENCE, Italy, Sept. 27.—(AP)—A racing car making a turn, driven by Aquilino Ermini of a Fiat, at more than 100 miles an hour, he suffered only minor injuries.
